

How to

Connect App Tracking

with Facebook

Log on to developers.facebook.com
> Click My Apps

Click on Create App >
Select Business as app type

Create App

Select an app type

The app type can't be changed after your app is created.

Which products, permissions and features does your app need?

Business
Create or manage business assets such as Pages, events, groups, ads, Messenger and Instagram Graph API using the available business permissions, features and products.

☒

Workplace
Create enterprise tools for Workplace from Facebook.

☐

Consumer
Connect consumer products, and permissions, such as Facebook Login and Instagram Basic Display to your app.

☐

Instant Games
Create an HTML5 game hosted on Facebook.

☐

Gaming
Connect an off-platform game to Facebook Login.

☐

None
Create an app with combinations of consumer and business permissions and products.

☐

Yourself or your own Business
> Select your Business
Manager > Click Create App

Create an App ×

App Display Name
This is the app name associated with your app ID.

App Contact Email
This email address is used to contact you about potential policy violations, app restrictions or steps to recover the app if it's been deleted or compromised.

App Purpose
This app's primary purpose is to access and use data from Facebook's Platform on behalf of:

☒ Yourself or your own business

☐ Clients ⓘ

If you are developing an app that accesses and uses data from Facebook's Platform on behalf of clients, you are subject to [Section 5b of the Platform Terms](#).

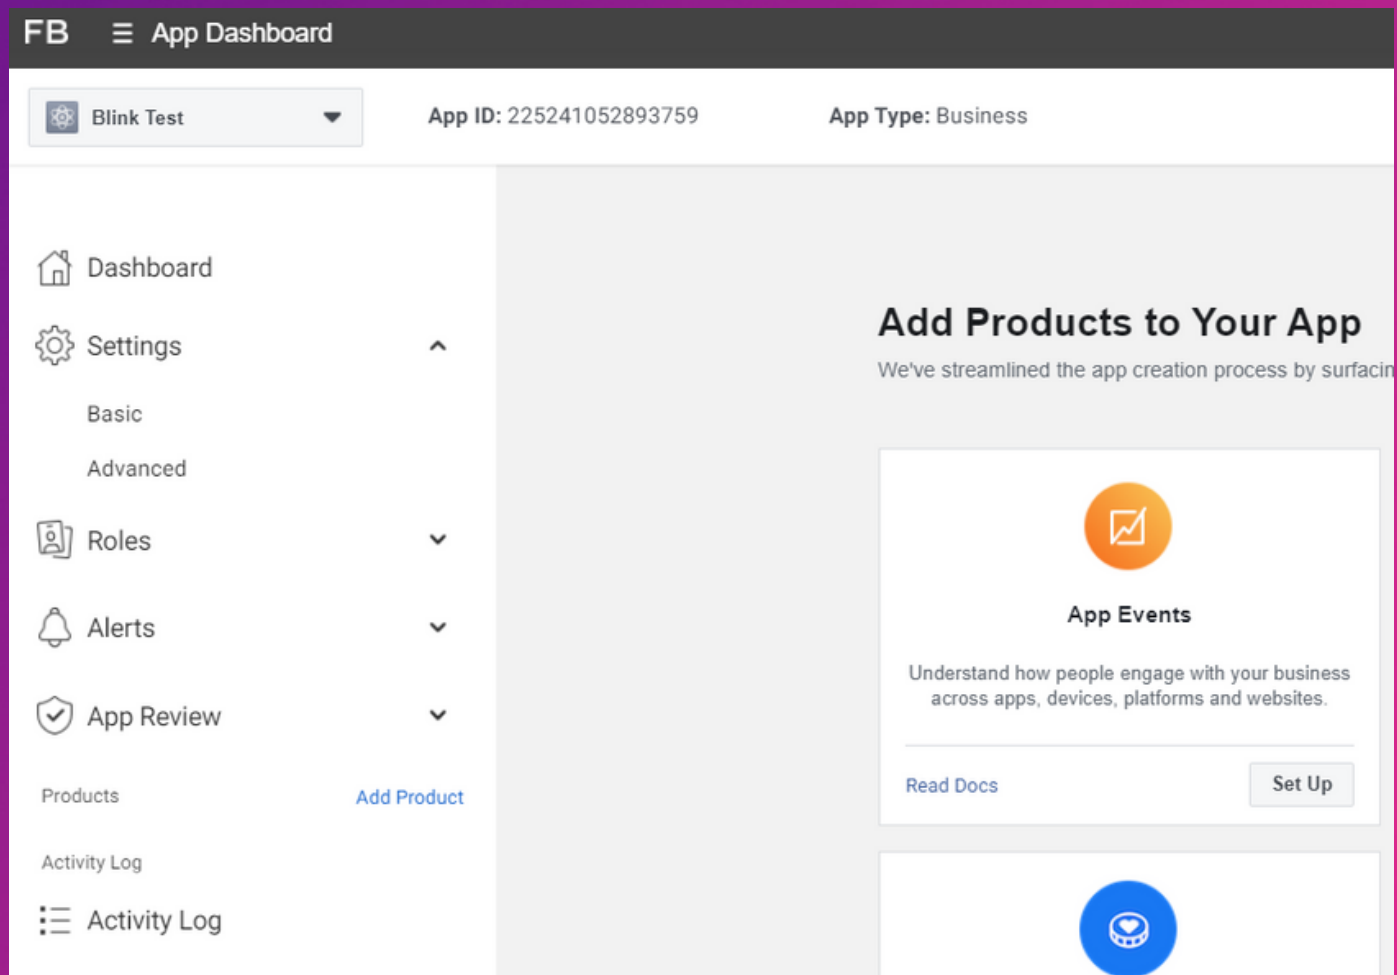

Do you have a Business Manager account? · Optional
In order to access certain aspects of the Facebook platform, apps may need to be connected to a verified Business Manager account. If you haven't yet set up an account, you can create one now or later in the process.

Copy App ID from top window >
Paste on an email

Add Subject: *Brand Name* - iOS Android
App Integration - FB
> Send email to support@blinkco.io

Brand Name - iOS Android App Integration - FB— ↗ ✕

Navigate to Business Settings > Users >
People > Click on Add

Enter techsupport@blinkco.io >
Turn Admin Access toggle on >
Click Next

Invite people

×

Ask people to join your business by entering their email address. Then assign their access and which accounts and tools they can use.

Enter email addresses ⓘ

example@example.com, example@example.com

Assign business role

 **Employee access**

We recommend adding people as employees. They can only work on assigned accounts and tools.

☐

 **Admin access**

Admins have full control over your business. They can edit settings, people, accounts and tools.

☒

ⓘ

Admins have access to all of your business settings, accounts and tools.

[Show advanced options](#) ▼

Your business name, business account creation date, business verification status, business legal name, business country, business website, primary Page information and top Page follower count will be disclosed to the invited user(s).
